

GREENWASHING
GOOD SOAP AGAINST BAD PEOPLE

VORWORT

Mit jedem Lieferanten haben wir Verträge, die den/der Produzent:in und Bäuer:in einen Mindestpreis garantieren. Wenn hier durch Inflation oder andere Einflüsse Preise schwanken, passen wir diese Preise nach oben an. Sie wiederum garantieren uns, dass sie in Tansania eine Mindestbezahlung von mindestens 70% über „Fairtrade“-Niveau gewährleisten, während Menschenrechte selbstverständlich gewahrt werden und Kinderarbeit zu jeder Zeit ausgeschlossen ist.

Mit der zugesandten Ware liefern unsere Produzenten ebenfalls alle Unterlagen, die den Geldfluss nachweisen. Wir überprüfen diesen durch eine Kontaktaufnahme aller Mitarbeiter:innen, Bäuer:innen etc. Hierzu gehören der Geldfluss, sowie die Mengen. So können wir sicherstellen, dass Menschen das Geld erhalten haben und dass die bezogenen Rohstoffe auch die geforderte Menge an produzierter Ware widerspiegeln. Dies machen wir telefonisch und/oder mit persönlichen Besuchen.

Die Aufbereitung der Daten ist wie folgt aufgebaut:

- Wir erhalten alle Namen und Kontaktdaten der Bäuer:innen und Arbeiter:innen mit der Gesamtmenge der angekauften Rohstoffe.
- Darüber hinaus erhalten wir eine Arbeitsaufzeichnung der Arbeiter:innen, damit wir Arbeitszeit und Bezahlung nachvollziehen können.
- > Hierbei handelt es sich um Mitarbeiter:innen auf den Plantagen, sowie in den Ölproduktionen.

Dann erhalten wir die Nachweise via „PETTY CASH VOUCHER“

- > Ein händisches System der Zahlungsnachweise, welches im Steuersystem von Tansania genutzt wird.

INHALTSVERZEICHNIS

- **Seite 1, 2, 3 & 4** : Namen & Kontaktdaten der Arbeiter:innen, als auch die Menge der angekauften Rohstoffe.
- **Seite 5 & 6** : Nachvollziehbarkeit der Arbeitszeit und Bezahlung
- **Seite 7 - 23** : „Petty Cash Voucher“ Nachweise

INFORMATION ON COCONUT HARVESTERS.

Payments for coconut harvesters are 1,000 Tsh per coconut plant, and they can harvest 14 to 20 coconut plants per day, or they are given two coconuts every time they harvest one coconut plant, which is equal to 1,600 Tsh. So, one person can earn 14,000 to 20,000 Tsh per day, depending on the number of coconut plants he harvests per day. Most of them harvest 15–18 coconut plants per day, which is equivalent to 15,000–18,000 Tsh. That's how they work. [REDACTED]
